Try Calypso's Recipe for the Perfect Escape:

Start with: Palm trees & balmy breezes, fanciful pink flamingos, and a week's stay in gorgeous ocean view condos by the sea.

Add all you want of: Incredible shore diving—day and night— You'll be right at Bari Reef and there's over 50 Bonaire dive sites, plus each unit comes with a 4 door dive truck.

Top with: Unlimited Nitrox, plus a pristine ocean environment and abundant marine life...and Voila! You have Bonaire!

Servings: Every imaginable Caribbean creature and fish. We have encountered bait balls, spawning corals and fishes, and whale sharks on previous visits.

This trip is **8 days and 7 nights** in ocean-facing units. These are beautiful, fully appointed, air-conditioned, condos, complete with kitchen, living room, and deck or balcony.

Not Included: Airfare, \$45 Marine Park Fee, or Boat Dives, which can be added on site. Passport required, valid 6 months beyond trip.

Come to Bonaire with us and "sea" why this is an annual trip!
