# SCUBA REVIEW

Are you a certified diver, but haven't been in the water lately? Are you looking to refresh your dive skills and knowledge? Are you a PADI scuba diver or referral student diver and want to earn your PADI Open Water Diver certification? If you answered "yes" to any of these questions, then the PADI Scuba Review is for you. After the scuba review, you may want to go on a Discover Local Dive with an Ocean Enterprises Divemaster. We have a package that combines both the Scuba Review and Discover Local Diving.

Who should take this course?

- Be at least 12 years of age or older.

- Have a PADI Open Water Diver certification (or have a qualifying certification from another organization).

What will I learn?

- Review safety information you learned during your initial training.

- Head to confined water (pool) to practice some of the fundamental scuba skills.

- Optional supervised open water dive.

What will I need?

- Basic scuba gear, including a dive computer.

- All PADI required course materials.
